## SUPPLY OF LIBERTY BUTTONS

A fresh supply of Liberty Loan buttons has been received and those who were disappointed in getting them when they subscribed are urged to call on either of the banks or at the Liberty Loan office. Under the rules it is not permissible to issue duplicate buttons.

## CHANGE IN THE SCOUTS

At his own request Color Sergeant Thomas Fitzgerald, of the Boy Scouts, has resumed his place in the ranks and the vacancy has been filled by orders from Sergeant Ramsey advancing Corporal George Fee.

It has been decided to dispense with the reveille until after the close of the schools as the demands on the time of the boys is too great and the strenuous life is causing some to neglect their studies. On the opening of vacation the reveille will be resumed.

## SOCIALISTIC DISLOYALTY PROVEN BY RESOLUTIONS OF THE PARTY

Tonopah, Nevada, May 14th, 1918.

To The Tonopah Daily Bonanza:

On May 9th, 1918, the Tonopah local Socialist party passed a resolution declaring it would assist in conducting this war to a successful conclusion and also adopted the platform of the English labor party. As you very pointedly remarked recently in your paper, the resolution was conspicuous in the absence of any mention of the cause of America and is also very conspicuous in the fact that it has not repudiated the resolution which was passed by the Socialist party of America at its national meeting in St. Louis, April 7th, 1917.

The Socialist party of America called a national convention for April 7th, 1917, to consider what attitude the party should take and what line of action it should undertake towards the war in which this country had entered. The position of the party was declared in no uncertain terms. Here is what they did: They declared their "unalterable opposition to the war just declared by the government of the United States" and appealed "to the workers of all countries to refuse to support their governments in their wars." This resolution also declared the war "a crime against the people of the United States and against the nations of the world" and that "in all modern history there has been no war more unjustifiable than this war."

They further declared that "no greater dishonor has been forced upon the people than that which the capitalist class is forcing upon this nation against its will."

The resolution then urged the members of the party to engage in "unyielding opposition to all proposed legislation for conscription" and then recommended "that the convention instruct our elected representatives in congress, in the state legislatures, and in local bodies to vote against all proposed appropriations or loans for military, naval or other war purposes; and that the convention instruct the national executive committee to initiate an organized movement of socialists, organized workers, and other anti-war forces for concerted action along the lines of this program."

These resolutions adopted by the convention were, according to the requirements of the constitution of the Socialist party, submitted to the members of the party throughout the United States for their action and were overwhelmingly adopted by that referendum vote. Practicing the terms of that resolution would make any one guilty of a crime against this government under the espionage act and for their action in attempting to carry out some of the above provisions Victor Berger and other leading members of the Socialist party, have been indicted by the United States government, some of whom have already been convicted and sentenced. Other members of the party realizing the impossibility of any American participating in such propaganda and sentiment, withdrew from the party, some of them being Charles H. Russell, Clarence Darrow, who defended the McNamara's; Job Harriman of Los Angeles, also one of the attorneys for the McNamara's and candidate for mayor of Los Angeles on the Socialist ticket; John Spargo, Stitt Wilson and A. Grant Miller of Reno.

The local organization of the Socialist party is designated as the Tonopah Local. It is a part of the state organization and the state organization is an integral part of the national organization. The meeting of the local organization called for May 9th last, was signed by the secretary of the Tonopah local, acting it is presumed, officially as an officer of the Socialist party of America and all members who participated in the meeting of the Tonopah local would necessarily be considered members of the Socialist party of America which still stands upon the resolution passed by it April 7th, 1917, and which resolution is still binding on all of the members of the Socialist party of America. This resolution will be binding until repealed in the same manner in which it was enacted, that is to say, by a vote of the national convention of the party and then by referendum vote of the entire party, throughout the United States.

The local of Tonopah did not put itself on record as repealing or repudiating any of the above provisions passed at the meeting of the party in national convention. Furthermore, it would have no right to do so and still claim to be a part of the Socialist party of America. Therefore, the resolution of the Tonopah local passed on May 9th, relating to this war, is mere camouflage because the local cannot stand on two platforms diametrically opposed to each other; it cannot place the platform of the English Labor party over one portal and the platform of the Socialist party of America over the other. Any Socialist belonging to the Socialist party of America and any officer of any branch or subsidiary organization of the National Socialist

party, are still committed to the resolutions of the party passed in national convention on April 7th, 1917. Anyone seeking to live up to those resolutions, parts of which are above detailed, would be guilty of a crime against the United States. "As a man thinketh in his heart, so is he" and therefore any attempt of the local organization to say that they are for the war and are in favor of the platform of the English Labor party when they are still committed to and bound by the resolution of the Socialist party of America, as heretofore set forth, is idle talk, camouflage and an attempt to disguise the real attitude of the Socialist party towards this war and towards the position of our government in it.

The Tonopah local owes its position and exists today because of its adherence to the stand of the National Socialist party taken April 7th, 1917, and no men or body of men, claiming to be Socialist, can pass any resolution contrary to the platform of the Socialist party as nationally expressed, until requested by resolution of the party adopted in national convention.

## MUST SAVE MORE WHEAT PRODUCTS

Thomas Lindsay, as grand master of the Masonic order in Nevada, received a message this morning which reads as though a similar one had been addressed to every fraternal organization and church in the country with the object of impressing on citizens the stern necessity for doing even more than what they are doing now in conserving wheat and wheat products. The inquiry came by telegraph and forms a special appeal to all organizations to voluntarily give up all wheat and wheat products until the next harvest. The telegram also urges consumers to limit the consumption of meats to two pounds per week for every person over four years of age. Further economy in the use of sugar is also enjoined and all pastors are requested to present the appeal to their people on Sunday, May 26th.

It is inferred from the measure that the food administrator expects to establish a new regulation effective on the first of June.

In reply Mr. Lindsay assured Herbert Hoover that he had every reason to believe that the Masonic bodies would heartily approve the appeal and give their most earnest co-operation.

## HIGH-GRADE TUNGSTEN FROM SODAVILLE MINES

F. A. Beck, former manager of the Atkins-Kroll company at Sodaville, has disposed of all the equipment of that company to the Tonopah Machinery company. He reports that during the past month the production of the tungsten mine near Sodaville improved from 2 to 4 1/2 per cent, netting handsome profits. The ore continues scheelite and the last car shipped showed a profit of \$9000 each.

## 44 INITIATED IN TONOPAH B. P. O. E.

Tonopah Lodge, No. 1062, B. P. O. E., is rapidly approaching the point where it can boast of the largest membership in the west. Last night 44 candidates were initiated and another large class will be received within the next 60 days. The affair last evening was preceded by a dinner served early so that the members might abide by the rules of the order and comply with the food regulations by not wasting by serving the meal at a time when it would also serve for the regular evening home dinner. The members added to the roll of 1962 are as follows:

Geo. W. Mannington, W. S. D. Young, John Sellstrom, Wm. Jos. Gomm, Robt. A. Dooley, Julius J. Keltz, P. J. Donovan, Sanford Galvin, Jas. L. Hayward, Thos. S. Baker, Ralph W. Sweet, Geo. A. O'Brien, Mark H. Page, Matthew T. Kane, Nelson P. Nelson, Mortimer G. Smith, Dan E. Sullivan, Joseph Dickerson, Carl Z. Work, Thos. Mulcare, Chas. A. Bona, J. W. Harcourt, Hal. M. Lewers, Stephen M. Johns, A. D. McCabe, Walter H. Bowler, Geo. A. Wist, John A. Wist, Raymond P. Robb, Hamilton A. Held, Wm. Jas. Lewis, Jas. W. Henderson, Frank G. Henckell, Jas. H. Nelson, Ture J. Camosse, Henry James, Lee F. Hand, Walter S. Thatcher, Jas. D. Sloan, Ben F. Rogers, Chas. E. McLeod and Chas. V. Averill.

The event brought out a numerous attendance of outside members from Manhattan, Round Mountain and Millers. Of the number, 13 came from Manhattan and the others included representatives from Round Mountain, Millers and Millers.

## EAGLES GIVE DANCE TO THE RED CROSS

Did you ever tramp all day through the mud and then at the end of the march know the comfort of dry, warm socks? The Red Cross means that every soldier fighting on foreign soil shall have that comfort. Knitting machines make socks eight times as fast as the most expert hand-worker and save one-fourth bank of wool on each pair of socks; so they are in the long run very economical.

The local Red Cross wants to install a number of these great little time and material savers but the cost seemed prohibitive. Right here, the Eagles stepped in and offered to help. Tonight, at the Miners' Union hall, that organization is going to give a dance and every cent of the proceeds is going to the Red Cross.

## MINE RESCUE CAR DUE HERE JUNE 1

Mine rescue car No. 1 of the United States bureau of mines, in charge of J. J. Forbes, engineer, and a crew of trained men, will reach Luning, Nevada, on May 18. The car will be on exhibition every day from 9 a. m. to 5 p. m., until May 25, and free lectures will be given to miners on safe methods of mining, the use of safety lamps and rescue apparatus, and mine gases. On May 25, the car will go to Goldfield, Nev., to remain until June 1, after which date it will be stationed in Tonopah, to remain until June 8. From June 8 to 15, inclusive, the car will be stationed at Ruth, Nev.

This mine rescue car is one of eight now in use by the bureau of mines for training miners in first-aid and rescue methods and the use of oxygen-breathing apparatus. Each car has a crew that includes two experienced miners, a mining engineer in charge, and a mine surgeon, and is equipped with the latest rescue and first-aid apparatus and supplies. At a moment's notice the car is ready to proceed to the scene of a mine disaster.

Miners are shown how to use rescue apparatus, and how to take care of an injured comrade. The lectures are illustrated by lantern slides and moving pictures which show good and bad methods of mining and how many accidents are easily prevented. These lectures are given in the car when a suitable meeting place cannot be procured elsewhere, but lantern slides and moving pictures cannot be shown in the car.

## AMUSEMENTS

## THEDA BARA AT THE BUTLER

Theda Bara, the incomparable Fox star, is coming as a special attraction at the Butler today in the wonderful super-picture "Camille," adapted from Alexandre Dumas' fascinating French novel, "The Lady of the Camillias." This picturization gives Miss Bara's wonderful abilities the fullest scope, and she is at her best. Her play of emotions, as she pictures the life of the famous French grisette, are vivid and real.

Only Theda Bara can put the brilliant touch to her "Camille" that will fairly electrify the theater-going public. A wonderful picture is in store for you. Camille is very vicious, very beautiful and a very celebrated member of the French underworld, with a string of wealthy lovers, and all the usual ways of a woman of her class. Still she is woman enough to fall in love once and for all. But at the end of it all she dies a tragic death, leaving only the remembrance of her brilliant if unpleasant reputation and her love for Armand. This French classic is the greatest love story ever told—an elaborate screen drama of an unselfish love sacrificed to make others happy. On account of the length of the program, the first night show will start at 7 p. m. instead of 7:30. The matinee will be the same time as usual, 1:30. The admission is lower floor, 25c; balcony, 20c; children, 11c.

Tomorrow, Vivian Martin, in "Molly-Entangled," and a Paramount-Bray cartoon comedy. Watch for Mary Pickford. Coming soon

## PHOTO OF THE ENGINEERS

W. A. Ray, county surveyor, has received a mammoth photograph of the 319th U. S. Engineers at Camp Fremont, which he has placed on exhibition at the Model cigar store. The print is very distinct and the faces of the Tonopah contingent can readily be recognized by Ryder Ray at the extreme left end with the band.

I loan you a watch to carry while I repair your own. I am the finest watchmaker who ever came to Tonopah. Emile Merman at Robert's Grocery store. advM131f
